Section	Details
<b>1. Rate Information</b>	<p>The Annual Percentage Yield (APY) reflects the total interest to be paid on an account based on the interest rate and frequency of compounding for a one-year period.</p> <ul style="list-style-type: none"> <li>• <b>For non-term accounts</b> (Share, Checking, Money Market, Holiday Club): Rates and APYs may change monthly at the discretion of the Board of Directors. To earn the stated APY, you must maintain any minimum opening deposit and/or daily balance as indicated above.</li> <li>• <b>For term/certificate accounts:</b> The interest rate and APY are fixed for the initial term. Renewal rates will be those in effect at the time of renewal. The APY assumes interest remains on deposit until maturity; withdrawals of interest will reduce earnings.</li> </ul>
