**1. RATE INFORMATION.** The Annual Percentage Yield (APY) reflects the total amount of interest to be paid on an account based on the interest rate and frequency of compounding for an annual period. The interest rate and Annual Percentage Yield (APY) may change monthly as determined by our Board of Directors. You must provide and maintain minimum opening deposits and/or minimum daily balances in order to earn the APYs stated above, if so indicated.

8008 LASER WORD F116093 Rev 10-2023

COPYRIGHT 2009 Securian Financial Group, Inc. All rights reserved.

- 2. COMPOUNDING AND CREDITING.** The frequency with which interest will be compounded and credited and is set forth above. The "Month" begins on the first calendar day of the month and ends on the last calendar day of the month.
- 3. MINIMUM BALANCE REQUIREMENTS.** The minimum balance requirements for each account are set forth above. Minimum balance requirements may include a minimum opening deposit, the minimum balance that you must maintain in the account to avoid service fees, and the minimum balance that you must maintain each day to earn the stated Annual Percentage Yield for that account. The Par value of a share in this credit union is disclosed on the Fee Schedule.
- 4. BALANCE COMPUTATION METHOD.** *For Share, Holiday Club, Misc. Share, and Summer Pay Check Accounts:* We use the *Average Daily Balance* to calculate interest on your account. The Average Daily Balance Method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.  
*For Basic Share Draft Checking, Extra Value Share Draft Checking, Premium Value Share Draft Checking, Money Market, IRA Money Market, Roth IRA Money Market, Coverdell ESA Money Market, and Share Draft Accounts:* We use the *Daily Balance Method* to calculate interest on your account. The *Daily Balance Method* applies a daily periodic rate to the balance in the account each day.
- 5. ACCRUAL OF DIVIDENDS.** Dividends will begin to accrue on the business day that you deposit noncash items (e.g. checks) to your account. If you close your account before dividends are paid, you will not receive the accrued dividend.
- 6. TRANSACTION LIMITATIONS.** *For Holiday Club Accounts:* The entire balance will be paid to you by check or transferred to another account of yours on or after November 1 and the account will remain open. If you withdraw from your Holiday Club account, you will be charged a fee as disclosed in the Fee Schedule. However, no fee will be charged if the withdrawal occurs within seven (7) days of the date the account is opened. For all other accounts, no account limitations apply.
- 7. VARIABLE RATE INFORMATION.** If your rate is variable as indicated above, the rate is based on the Board of Director's discretion. We may change the rate monthly. There are no limitations on the amount the rate can change.

- \*RATE INFORMATION.** The Annual Percentage Yield (APY) reflects the total amount of interest to be paid on an account based on the interest rate and frequency of compounding for an annual period. The interest rate and Annual Percentage Yield (APY) are fixed and will be in effect for the initial term of the account. The rates for Renewals shall be those rates in effect at the time of renewal. The APY stated is based on the assumption that interest will remain on deposit until maturity; a withdrawal of interest will reduce earnings.
- COMPOUNDING AND CREDITING.** The frequency with which interest will be compounded and credited is set forth above. The "Month" begins on the first calendar day of the month and ends on the last calendar day of the month.
- MINIMUM BALANCE REQUIREMENTS.** The minimum balance requirements for each account are set forth above. Minimum balance requirements may include a minimum opening deposit, the minimum balance that you must maintain in the account to avoid service fees, and the minimum balance that you must maintain each day to earn the stated Annual Percentage Yield for that account. The Par value of a share in this credit union is disclosed on the Fee Schedule.
- BALANCE COMPUTATION METHOD.** We use the *Average Daily Balance* to calculate interest on your account. The Average Daily Balance Method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.
- ACCRUAL OF DIVIDENDS.** Dividends will begin to accrue on the business day that you deposit noncash items (e.g. checks) to your account. If you close your account before dividends are paid, you will not receive the accrued dividend.
- MATURITY.** Your account will mature according to the term indicated above, and as indicated on your account summary or statement.
- EARLY WITHDRAWAL; PENALTIES.** We will impose a penalty if you withdraw any of the funds in your account before the maturity date. The amount of the penalty is disclosed above. The penalty is calculated as a forfeiture of part of the interest that has been or would have been earned on the account, and applies whether or not the interest has been earned. The penalty may be deducted from the principal amount of the deposit. The Annual Percentage Yield disclosed for your account is based on an assumption that interest will remain in the account until maturity; a withdrawal will reduce earnings. **Exceptions to Early Withdrawal Penalties:** We may, at our option, pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: (1) If an account owner dies or is determined to be legally incompetent by a court or other body of competent jurisdiction; (2) If the account is an IRA Account and any portion is paid within seven days after the establishment of the account; (3) If the account is a Keogh Plan, provided that the depositor forfeits an amount at least equal to the simple interest earned on the amount withdrawn; or (4) if the account is an IRA or Keogh Account and the owner attains the age of 59 1/2 or becomes disabled.
- RENEWAL POLICY.** Unless you otherwise instruct us, your certificate account will automatically renew at maturity. You will have a grace period as indicated above after the maturity date to withdraw the funds in the account without being charged an early withdrawal penalty.
